

BURN THE SHIPS

NO TURNING BACK. NO HOLDING BACK.

IGNITE YOUR CONGREGATION'S FAITH

In a world of spiritual compromise and halfhearted commitment, "Burn the Ships" delivers a transformative message that will challenge and inspire your community to embrace a faith without reservation.

Drawing from the historical account of Hernán Cortés burning his ships to ensure his men were fully committed to their mission, this powerful presentation weaves scriptural truth with compelling personal testimony to create an unforgettable call to action.

THE MESSAGE

When Cortés ordered his ships burned upon reaching the New World, he eliminated any possibility of retreat. Today's believers face a similar decision point: Will we keep our safety nets, or will we burn the ships of our past and commit fully to God's calling?

"Burn the Ships" isn't just another motivational talk—it's a revolutionary battle cry for those ready to:

- Abandon the shores of mediocrity and sail into the uncharted waters of radical faith
- Cut ties with past failures, doubts, and sins that anchor us to spiritual stagnation
- Embrace the liberating fire of total surrender to God's purpose and plan
- Step into the bold adventure God designed for your life

AUDIENCE IMPACT

FROM THE HEART

This message emerges from my own journey through grief, doubt, and ultimately, surrender. As shared in the Brickhouse Story, watching my father face cancer with unwavering faith showed me what all-in commitment truly looks like. His example, alongside my intensive study of theological works and Scripture, forged this message in the fires of real-life testing.

"The moment we burn our ships—our backup plans, our spiritual safety nets—is the moment we experience the fullness of God's power in our lives. There's no turning back, and no holding back."
